I have worked for more than 40 years with safety critical systems at *Autronica Fire and Security AS*. After June 2017 I have mostly been busy with programming, writing, wood work and blogging about what I have done and learned - plus sporadic censoring at NTNU.

examination work

Update Nov. 2021

I am now only working as an examiner for NTNU, therefore this page, showing me as "affiliated", is history. But I was rather proud of it while it lasted!
